Tyddyn Isaf Beer

At Tyddyn Isaf we are firm believers in supporting local businesses and are proud to stock our own range of local ales and craft lager that are produced by The Great Orme Brewery.

The Great Orme Brewery was established by Jonathan Hughes in 2006 in an old Mill in Glan Conwy. Within two years business was booming and production moved to larger premises - an old sheep shed yards from the old mill. By 2014 the Brewery had outgrown the shed and moved into one of the oldest buildings in Llandudno – an 1860s former abattoir. The Brewery now employs 9 people and has grown to ten times its original size since 2006.

Our range consists of four ales and a craft lager which each tell the tale of a part of the history of Tyddyn Isaf Camping and Caravan Park. These are available to purchase in our Terrace Restaurant and Bar and can also be purchased in gift boxes to take home to family and friends.
